

Проект "Исследуя Великобританию", для учащихся 6-х классов.

Цель: активизировать знания учащихся по географическому положению, истории, традициям Великобритании, интересным фактам.

Задачи:

- 1.Развивать интерес учащихся к стране изучаемого языка.
- 2.Укрепить межпредметные связи - английский, география, история.
- 3.Развивать умение работать в команде.

Оборудование:

Класс украшен портретами выдающихся людей Великобритании, висят географические карты Великобритании и карты Лондона, развешаны плакаты с историей и фотографией известных городов Великобритании, символы и гербы всех частей Великобритании.

В ходе защиты проекта могут быть использованы песни, игры, потешки, отрывки из произведений в качестве музыкальных пауз, заранее подготовленных командами. Класс разделен на три команды, каждая имеет свое название.

На доске: Exploring the United Kingdom.

Geography 100 200 300 400 500

Famous people 100 200 300 400 500

Food 100 200 300 400 500

Mix 100 200 300 400 500

Ход урока.

Good morning, boys and girls! Today we are going to learn lots of new and interesting things about Great Britain. Also we'll learn who knows history, traditions and customs better, and you have a great chance to practice your English. We have three teams and a list of questions on five different aspects: geography, landmarks, famous people, food and mix-different questions on various themes.

Teams in turn choose the topic and the question. The price of the question is different depending on how difficult the question is. The team that gets more points wins. If the team can't answer the question they have chosen, those who know the answer may answer and bring the team additional points.

Quiz + keys.Geography

100 Name all the parts of Great Britain and their capitals(England-London, Wales-Cardiff, Scotland-Edinburgh, Northern Ireland-Belfast). Show them on the map.

200 What is the longest river in the U.K.? Where is it? (The Severn, 290 km, in Northern Wales)

300 Why is English climate warmer than other Northern European countries? (Because of warm air that comes from the Atlantic and Gulfstream)

400 What is the highest mountain in the U.K.? How high is it? Where is it? (Ben Nevis in Highlands of Scotland is 1343 m high)
